

## Submersible Pumps and the Wastewater Industry

Supplying Quality  
Replacement Seals  
for Many  
Wastewater Pump  
Manufacturers

Introduced in the late 1950s, submersible pumps have come to dominate the wastewater industry. U.S. SEAL MFG. is your primary source for mechanical seals for these challenging environments.

For more than 50 years, the wastewater industry has relied on U.S. SEAL MFG. as a trusted partner, supplying replacement seals for both domestic and off shore manufactured equipment.

Providing reliable, high quality products, supported by our knowledgeable and experienced staff, we understand the challenges of your most demanding applications.

- A-C Pump
- ABS USA
- Aurora®
- Baldor Reliance
- Barnes, John S.
- Ebara Fluid Handling
- Fairbanks Morse
- F.E. Myers
- Flygt
- Gorman-Rupp Co.
- Goulds Pumps
- Hanjin Pump Co.
- Hydromatic Pump Co
- KSB
- Smith & Loveless
- Tsurumi Pump
- Wilo-Emu®

### Flygt and Wilo-Emu® Replacement Seals

### WEMCO®—Hidrostal Replacement Seals

#### Lower Seal

- Spring is covered by elastomer boot, which prevents seal clogging from stringy material
- Durable Viton® Elastomers and Tungsten Carbide Primary Ring vs Sintered Silicon Carbide Mating Ring
- Accompanying upper seal is a standard U.S. SEAL MFG. Type C

Contact us for upper and lower seal part numbers and available materials.
